“

“What distinguishes this country is the keenness of its leaders to encourage and promote good deeds. The actions of the charitable institutions in various fields, whether bearing the names of the kings of this country or others, is but one aspect of the honorable facets of our nation”

Custodian of the Two Holy Mosques

King Salman bin Abdulaziz Al Saud

“

“We view the non-profit sector as a crucial sector in supporting the progress of education, culture, healthcare, and research. **We will heavily rely on the non-profit sector**”

His Royal Highness Prince

**Mohammed bin Salman bin Abdulaziz
Al Saud**

Crown Prince and Prime Minister

01

Introduction

“

Address by His Excellency the Minister of Human Resources and Social Development

Eng. Ahmad bin Sulaiman Al Rajhi

Chairman of the Board

With the support and guidance of the Custodian of the Two Holy Mosques, King Salman bin Abdulaziz Al Saud, and His Royal Highness the Crown Prince and Prime Minister, Prince Mohammed bin Salman bin Abdulaziz Al Saud, the non-profit sector has witnessed rapid growth. This growth has enabled the sector to contribute to the achievement of the targets of Saudi Vision 2030, positioning it as one of the developmental success stories being witnessed and recounted in our ambitious nation.

As we aspire to continue the sector's journey in a manner that deepens its social and economic impact, we have taken stock of our developmental achievements. The year 2024 was replete with various accomplishments for the sector, most notably the attainment of one million volunteers. This achievement, and the support of our leadership, was realized prior to the year 2030. This means achieving the target six years ahead of the Vision's timeline, which underscores the vibrant and proactive society we are privileged to have in our esteemed nation, a society that eagerly extends its generosity and diligently engages in benevolent endeavors.

Under the auspices of our leadership, the role of the non-profit sector has expanded significantly in developmental domains. Notable milestones in this sector's growth include the Custodian of the Two Holy Mosques' approval of the bylaw of the King Salman Foundation, the launch of the Riyadh Foundation by His Royal Highness the Crown Prince and Prime Minister, and the issuance of a royal order approving the law approving the transformation of King Khaled Eye

Specialist Hospital and Research Center, into an independent, specialized, non-profit institution. The sector has also received commendation from the Council of Ministers for its remarkable growth in supporting health, education, and research initiatives. This recognition is a source of pride and a catalyst propelling us to achieve even greater objectives in the sector's development and the activation of its role.

In consideration of the Center's objectives as stipulated in its regulatory resolution, particularly with regard to the integration of governmental efforts in providing licensing services to non-profit organizations, we have, succeeded in expanding the number of non-profit organizations at a growth of 252.76%, with a total number of non-profit organizations 5,700. Concurrently, there has been a significant increase in the number of government entities contributing to the sector's development, now totaling 30 governmental entities in the year 2024. We extend our sincerest gratitude and appreciation to the Custodian of the Two Holy Mosques and His Royal Highness the Crown Prince and Prime Minister, I also express my thanks to my colleagues on the Board of Directors of the National Center for the Non-Profit Sector, its staff, and all those working in the sector for their diligent efforts in achieving a prosperous economy that complements the national development landscape of the Kingdom of Saudi Arabia.

“

| Address by the CEO

Mr. Ahmed bin Ali Al Suwailem

CEO

Within the framework of the national development witnessed in the Kingdom across various sectors, the non-profit sector emerges as a pivotal enabler, contributing to the realization of the Saudi Vision 2030 targets. In this context, I extend my sincere gratitude and appreciation to the Custodian of the Two Holy Mosques, King Salman bin Abdulaziz Al Saud, and to His Royal Highness the Crown Prince and Prime Minister, Prince Mohammed bin Salman bin Abdulaziz Al Saud, for the empowerment and patronage bestowed upon the non-profit sector, which has facilitated significant developmental acceleration in the year 2024.

We have successfully achieved a number of strategic targets for the non-profit sector, including an increase in the percentage of specialized non-profit organizations supporting developmental priorities, which reached 92.29%, thereby exceeding the targeted value of 76% for the same year. Furthermore, with regard to the beneficiary satisfaction rate concerning the services provided by non-profit organizations, our aim was to achieve an 85% increase. We have attained a rate of 88.26%, surpassing the targeted value for the year 2024.

In the context of the Center's ongoing efforts to develop the non-profit sector in collaboration with government entities, we have successfully streamlined the operations and licensing procedures for non-profit organizations, reducing the time required to finalize the establishment of a non-profit organization or to no more than 20 days.

Among the accomplishments of this collaboration is the reduction of the average number of working days required for technically supervising entities to authorize programs and activities, which now does not exceed 8 working days. Furthermore, within the framework of facilitating operations for non-profit organizations: we have added to the list of achievements the issuance of over 6,000 fundraising licenses by the end of 2024, to more than 2,000 civil associations, and within a period not exceeding two working days.

This growth and excellence in performance has been accompanied by substantial support for the non-profit sector across various functions and needs, including the support provided by the Associations Support Fund. We have been able to support more than 1,720 civil associations across all regions of the Kingdom, with an estimated value of 549 million riyal.

I also express my gratitude to His Excellency the Minister of Human Resources and Social Development, Engineer Ahmed bin Sulaiman Al Rajhi, Chairman of the Board of Directors of the National Center for Non-Profit Sector, and I thank the members of the Center's Board of Directors, its staff, and all workers in the sector for their continuous efforts in achieving the development of the non-profit sector and enabling it to contribute to the realization of national targets.

Definitions

Report

Exploration of avenues of cooperation with a number of relevant international entities

Raising awareness of the Center's role and the role of non-profit sector organizations, and exploring cooperation opportunities with a number of international government entities

Executive Summary

> Achievements

Fifth

Activation of Supervision and Compliance in the Sector

01 | Activating Financial and Administrative Supervision in the Non-Profit Sector

- ◆ Launch of a self-assessment service and automating the assessment of governance standards for previously evaluated entities
- ◆ Activation of the financial soundness standard by including the achieved score in the standard within the overall governance score
- ◆ Launch of a service to upload financial statements for family funds

02 | Activating Technical Supervision in the Non-Profit Sector

30 technically Supervisory Units

- ◆ Increase in the number of Supervisory Units from government entities

Executive Summary

> Achievements

Sixth

Achievement of Customer Satisfaction in the Sector

01

Protecting the Rights of Customers in the Sector

- ◆ Exceeding of the vision's targets for beneficiary satisfaction with non-profit organization services, reaching **88.9%**
- ◆ The customer satisfaction indicator for the Center's services reached **83.4%**
- ◆ Development of the **"Donate Safely"** service to enhance donor confidence by providing a quick response code (QR Code) that includes fundraising license data for entities, ensuring a secure donation environment
- ◆ Launch of the **"Beneficiary Records"** service, which enables the non-profit entity's authorized representative to enter data on support provided to beneficiaries, as well as to inquire about support

02

Detailed Report

Introduction

This report is prepared in accordance with the provisions of Article (Fourteenth) of the National Center for Non-Profit Sector's Bylaws, which stipulates that "the Center shall submit to the Council of Ministers - within (ninety) days from the end of the fiscal year - an annual report on its achievements, challenges faced, and recommendations for improving its operations." The annual report has been prepared according to the National Center for Performance Measurement of public entities model.

> About the Center

The National Center for Non-Profit Sector was established by Council of Ministers Resolution No. (459) on 1440/08/11 AH, and the Council of Ministers approved its organization under Resolution No. (618) dated 20/10/1442 AH. The center enjoys legal personality, and financial and administrative independence, and is directly linked to the Prime Minister. The Center aims to regulate, activate, and expand the role of non-profit sector organizations in development fields, work towards integrating government efforts in providing licensing services to these organizations, and providing financial, administrative, and technical supervision and increased coordination and support to the sector.

The Center was established in the context of developing the non-profit sector, which is a strategic goal within Saudi Vision 2030 aimed at empowering the non-profit sector and achieving a greater impact for the sector on both social and economic levels. The Center is one of the National Transformation Program initiatives for the development of the non-profit sector and undertakes multiple tasks that will enable the sector to grow and activate its role in achieving sustainable development. The Center will work with all its partners from government entities, non-profit organizations, companies, and individuals, according to a comprehensive governance that achieves a practical flow that provides everyone with the opportunity to contribute according to their roles within the non-profit sector system.

Strategic Direction

Vision

To be an enabler for the development of the non-profit sector, making a local and global impact

Mission

To empower and guide the non-profit sector through active engagement, high efficiency, reliable and impactful services, both locally and globally

Strategic Pillars and Objectives

The objectives of the National Center for Non-Profit Sector are distributed according to its strategic pillars. The Center has adopted specific objectives for each pillar. The following are the strategic objectives of the Center under each strategic pillar

01 Sector Guidance and Impact Measurement

- ◆ Guiding the activities of the non-profit sector to achieve economic, social, and international impact

02 Sector Capacity Development and Sustainability Achievement

- ◆ Attracting and developing capabilities in the non-profit sector
- ◆ Enhancing the level of services and products in the non-profit sector
- ◆ Increasing revenue sources of the non-profit organizations and guiding them towards financial sustainability

03 Enforcement of Supervision and Compliance in the Sector

- ◆ Activating financial and administrative supervision in the non-profit sector
- ◆ Activating and developing technical supervision in the non-profit sector, in coordination with the Supervisory Units

04 Enhancing Growth and Participation in the Sector

- ◆ Enhancing the growth of customers in the non-profit sector

05 Creation of an Enabling Environment for the Sector

- ◆ Enabling the non-profit sector through an effective legislative environment
- ◆ Enhancing communication and raising awareness about the non-profit sector locally and internationally
- ◆ Increasing research and studies and promoting the adoption of innovative solutions in the non-profit sector

06 Achievement of Customer Satisfaction in the Sector

- ◆ Protecting the rights of customers and ensuring their satisfaction in the non-profit sector

Values

01

Impact

Exerting effort to enhance the impact resulting from the quality of sector services and dedication to providing those services in accordance with best practices and applications

02

Transparency

Providing necessary information and data, and disclosing them with integrity and accuracy

03

Integrity

Adhering to ethical and professional standards in all activities conducted by the Center

04

Collaboration

Encouraging teamwork and building integrated relationships with relevant entities to achieve common goals

05

Responsibility

Enhancing the sense of responsibility among the Center's staff and non-profit sector workers towards individuals and society, and committing to the consequences of their statements and actions

Recognition from the Digital Government Authority for its **implementation of the unified design system "Platforms Code"**

Certificate of Recognition for Institutional Excellence from the European Foundation for Quality Management (EFQM)

ISO9001 Certified

Key Actions and Achievements

04

Governance, Risk, and Compliance (GRC)

- Preparation and adoption of the National Center for Non-Profit Sector's governance framework
- Preparation and adoption of the annual compliance plan, which aims to ensure the Center's adherence to local and international regulations and legislation
- Establishment and launch of a compliance library at the Center to promote a culture of compliance in accordance with best practices
- Implementation of compliance self-assessment processes to enhance the level of institutional commitment and ensure the alignment of activities and policies with applicable rules and regulations
- Development of a business continuity plan for priority services, in addition to the preparation of a business incident management and response plan, a technical disaster recovery plan, and a crisis management plan to achieve institutional excellence
- Activation of the cybersecurity operations center to enhance the enabling factors of the center's strategy related to Center governance, digital transformation, infrastructure protection, and data protection
- Documentation of operational, strategic, and key risks

05

Digital Transformation

- Transfer of the National Volunteer Portal from the Ministry of Human Resources and Social Development
- Enhancement of business expansion and development through secure and automated GSN/GSB integration
- Launch of a service to securely locate clothing donation containers via geographical maps
- Participation of the Center in the Digital Government Authority's platform code initiative
- Addressing the challenges of the Unified National Number for Non-Profit Entities
- Signing a partnership with Google Cloud Saudi Arabia to adopt their cloud service solutions
- Launch of a digital transformation standard ("Raqeem") for the non-profit sector to manage and measure digital transformation in associations and achieve digital sustainability

Center Partners

المركز الوطني لتنمية
القطاع غير الربحي
National Center for
Non-Profit Sector

Technical Supervisory Units

National efforts in the development of the non-profit sector are integrated under the leadership of the National Center for Non-profit Sector. This is achieved through collaboration between the Center and 30 Technical Supervisory Units from government entities. The Center also works with its partners, financially and administratively overseeing non-profit organizations, in accordance with their respective terms of reference and the developmental field in which they operate

> Scope of Work for Technical Supervisory Units

- ◆ Reviewing establishment applications referred to them by the Center
- ◆ Assisting establishment applicants in properly directing their applications
- ◆ Following up the stages of establishment applications until all necessary procedures are completed
- ◆ Developing necessary instructions to regulate technical activities
- ◆ Approving requests to establish programs, projects, and artistic activities
- ◆ Conducting research and studies, and providing consultation
- ◆ Measuring organizational performance, monitoring and guiding activities, and preparing technical reports
- ◆ Organizing events that contribute to the development of non-profit organization activities
- ◆ Overcoming difficulties faced by non-profit organizations in conducting and developing their activities
- ◆ Providing opinions on the dissolution or merger of associations
- ◆ Qualifying and technically developing human resources working in supervised non-profit organizations
- ◆ Preparing necessary periodic statistical reports on supervised non-profit organizations
- ◆ Preparing an annual report during the last three months of each year, including developmental needs
- ◆ Spreading awareness of non-profit work and encouraging the establishment of non-profit organizations in developmental fields
- ◆ Enabling and building organizational capacities to provide services to the public sector with the required quality
- ◆ Technically evaluating organizational performance and preparing semi-annual reports reflecting capabilities and submit the same to the Center
- ◆ Engaging organizations in the design of community-oriented services and programs within their service and work areas

Association Support Fund

The Fund was established under the provisions of Article (7) of the Civil Associations and Foundations Law issued by Royal Decree No. (M/8) dated 19/2/1437H. The Fund has a legal personality and is financially independent under which it is entitled to own, manage, and litigate

The Fund continues to support associations by providing a variety of products since the commencement of its operations in early 2023. The second year witnessed a significant growth in the number of beneficiary associations, with an increase of 27% compared to 2023, accompanied by a 14% rise in support amounts. This growth reflects the Fund's commitment to enhancing the role of associations in serving beneficiaries, contributing to the achievement of sustainable community development. This increase was attributed to generous government support, in addition to strategic partnerships through the establishment of public and specialized financial funds and portfolios, which contributed to attracting additional financial resources that strengthened the Fund's ability to expand its support for the non-profit sector.

Conclusion

The National Center for Non-Profit Sector has prepared its Annual Report for the year 2024, in accordance with the approved practices and standards set by the National Center for Performance Measurement of Public Entities ("Adaa"). The Annual Report for the year 2024 reflects the efforts and successes of the non-profit sector, which were supported by the generous patronage of the leadership to achieve a deeper impact for the sector in line with the objectives of Saudi Vision 2030.

We work diligently to fulfill our aspirations of building a developmental society that contributes to national advancement, and we affirm our commitment to continue ambitious work in accordance with the objectives of the non-profit sector in the Kingdom
